DIVORCE & DISCOVERY

A Jewish Healing Retreat at BB Camp

October 17th-20th, 2024

Divorce & Discovery seeks to create a sea change in how the contemporary Jewish community responds to divorce. Visioned and founded by Rabbi Deborah Newbrun and developed along with Wendy Kesser, every aspect of Divorce & Discovery intentionally leads you on a journey to let go of hurt, anger, guilt, and resentment within a supportive Jewish community.

Specialists

Professional experts and religious and spiritual leaders will help you find a path back to wholeness. From rabbis and divorce coaches to therapists, healers, yoga instructors, and challenge course facilitators, our team of guides is here to support you.

Programs & Activities

In addition to Divorce Healing programming, we will offer our classic BB Camp weekend activities, including yoga, swimming pool, arts and crafts, the challenge course, hiking, campfires, boating on the lake, stargazing, and more!

Meals & Housing

BB Camp will serve tasty and nutritious kosher-style meals to participants with vegetarian and vegan alternatives, as well as food sensitivity options at every meal.

Participants will stay in our spacious ADA accessible cabins with a bathroom, electric outlets, and temperature control.

"It turns out, what I really needed for full closure and to move into my future with hope and optimism was healing in my own language, in my own culture."

"The Divorce & Discovery weekend at Camp exceeded all expectations. The rituals created by the incredible leaders felt so natural, as if Judaism was always meant to support the (unfortunate) life-cycle event of divorce."

"A friend asked me how the retreat was, and my response was 'life changing.'"
